## ROUND AND ABOUT THE SCHOOL

The School slipped into running gear smoothly — as though it had never stopped. Enrolment stands at 299 (267 boarders). Academic Staff numbers 25. There are the inevitable changes in personnel — both Staff and Boys. Among the newcomers to Staff are two O.B.'s — **Bill Skinner** ('47) M.A. (U. of T.) and **Grant Edwards** ('54). Bill is teaching English, and Grant, mainly geography. **Garry West**, B.A., B.P.H.E. — P.T. and Science; **Robert Scott**, B.A. (Western) — English; **James Jensen**, B.A. (Western) — English; **Gaspar Guggino**, B.A. (Loras College, Dubuque, Iowa) — Classics. **Mrs. H. H. Tuckley** — graduate in Arts and Library Science is School Librarian. **Football** is snorting along. New staff members are showing keen coaching interest. Grant Edwards is working with Aub Holmes on **1st Team** which has shown up well in exhibition games played so far with Appleby (a win) Thornhill (a win) and St. Michael's (a loss). The **Seconds** are being coached by Bill Skinner, **Thirds** (U16A) by Garry West, **Under 16 B** (4th) by Gaspar Guggino, **U15A** (5th) by Robt. Scott, **U15B** (6th) by Jack Wright. There are School **Soccer** Teams in competition with other Schools. and Clan teams playing in an intra-mural league. In Academics, the Class of '63 did well in Departmental Examinations and most of it is at university — next issue will tell you where (we hope!) The honour of being **Head Boy** for 1962-63 went to Robt. J. Swinden who attained highest standing in the Departmental Examinations, and also won the Pat Strathy Memorial Scholarship to Trinity College. (And while we're at it — How about a round-up list of Andreans who are at your university? And the courses they are taking?) The School went en masse (Grade 9 up) to **Stratford** to a performance of "Cyrano de Bergerac" and enjoyed it very much. Work has begun on "**H.M.S. Pinafore**" (G & S) which all being well will be presented in the Spring. Gordon Moffat ('26) is actively at work with the **Camera Club**. Intra-mural tilts have shown possibilities of a strong **Debating Team** this year. There is a fair number of talented musicians in the School and the sound of **music** — both popular and classical — is to be heard at any time possible in The Ketchum Auditorium. **Fencing** is under way with a stronger nucleus of experienced participants. Round and about these Andrean precincts — this stockpile of energy, spiritual, mental and physical — power continues to be generated and consumed at a phenomenal rate!

## "NAMED" CHAIRS FOR THE GREAT HALL

The idea seems to have "taken" and many names of Old Andreans (boys and masters) have been perpetuated in carving on chair backs in the dining hall. As well — with each name — the cost of the new Andrean facilities has been shared by the donor of the chair. There it is — your chair — tangible evidence of that fine tradition which is Andrean — with the Andrean name of your choice inscribed on it — a permanent part of the fabric of the school. Interested in the idea? Had you forgotten about it? Think about it! The number of chairs available will decrease steadily.
